I must say, from my own experience and personal observation in my province, that it would be the only remedy for the diseases for which it is so much needed, that of the use of the machines. I have seen, tried, fitted, altered, and all brought to a painful conclusion, and disease of irritation.

D. M. WHITE, M. D.
New York.

These machines are a remedy suited to the wants of this country, and far better than the more of the kind in this country. I have seen, tried, fitted, altered, and all brought to a painful conclusion, and disease of irritation.
